[2020 February WGA Breakfast Governor Hot Topics SD AOO.docx](#)
[2020 WGA NEPA Hot Topics compiled.docx](#)

Cindy,

I had asked my NEPA team and the tribal branch to work with the Ops offices to develop updated materials. You already have the version of Hot Topics from Sue, and I'm also forwarding to you the NPEA specific updates from Jill. I recognize that this presents challenges in terms of aligning various sections when you're receiving multiple versions. Jill has provided NEPA updates and also provided comments to clarify who you may have received other language from whether it was a program office like water or an Ops office like Alaska. My guess is this goes beyond what you requested, "high-level issues, **preferably 1-2 sentences each.**" I'm available tomorrow if you want to discuss what stays in the final version that R10 will transmit to HQ.

Thanks.

Andrew

Here are some more edits/additions from AOO. Michelle Davis is working on the tribal narrative.

Subject: Request for Hot Topics for WGA Breakfast

The Western Governors' Association is hosting a breakfast meeting with Cabinet officials on February 9. OCIR has requested hot issues for each state to prepare the Administrator's briefing book. They want very high-level issues, **preferably 1-2 sentences each.** Attached is what OCIR used last year for ID, OR and WA; at the end is what we submitted in 2017 for AK.

Please provide deletions, updates or additions by Thursday, January 16, if possible.

The ops office directors may want to take the lead on their states to avoid duplication of effort.

Please share this with anyone else who may have issues that should be included.

I will compile the issues and get RA office review before they are sent to OCIR.

Thank you!

Cindy
